to Be Arrested.

Troops May Be Called Out if There Is Another Outbreak.

PATERSON, N. J., March 14 .- Four of the ring leaders in the riot of yesterday were arrested this morning and sen-Justice Van Cleve to thirty days each in the City Jail. Warrants are out for four others of the striking convers and dvers, and it is expected that more complaints will be lodged today, and either warrants or summonses

The prisoners are August Muller, s Frenchman; Gluseppe Britto and Gluseppe Tolo, Italians, and B. Von der Van, a Hollander. All are said to be Anarchists. These are the men who are accused of being directly responsible for demonstrations of yesterday, when dye-shops were broken into, property deand workmen driven out by the mob. The prisoners were simply accused

Justice Van Cleve, in pronouncing sentence, took occasion to deliver a lecture tensibly to the prisoners, but actually for the benefit of the hundred or more 'You must understand," said the Jus-

tice, "that every man has a right to work in this country and to pursue his avocation without molestation from any one. The laws protect every one in his peaceful pursuit and you have no right to interfere with people who choose to work whether it be contrary to your wishes or not

work whether it be contrary to your wishes or not.

"You have violated the law in interfering with men engaged in a peaceful occupation and you deserve no sympathy. If you are so ignorant that you don't know this fact, then it is time you made yourselves better acquainted with our institutions for your own welfare. It is very probable that a further complaint of rioting may be made against you. That is a State prison offense."

The prisoners were the leaders of the mob that looted Auger's dye shop yesterday. All of them made speeches, it is alleged, of the most incendiary character, advising that force be used if necessary, and violence be resorted to to bring the employers to terms.

A Committee of the Board of Trade called on Chief of Police Graul this morning, and asked him what protection he proposed to furnish in the future. The Chef told him he would detail the entire force of sixty men to protect property if necessary, but that he thought there would be no further trouble.

trouble. The Committee was composed of silk manufacturers and boss dyers. They informed the Chief that they believed the police force inadequate to cope with the thousands of idle men and that at the first intimation of recurrence of trouble or interference they would call on the Sheriff and have him swear in fifty deputies. leputies.

If the Sheriff is unable to put down the nob, then they would call on the Gover-

mob, then they would call on the Governor for troops.

The committee denounced Mayor Braun
for his evident sympathy with the
strikers, and declared that they looked
for no assistance from him.

The weavers repudiate the conduct of
the mob. They declare they were not responsible for the riot. It was the work
of the dyers, who are principally foreigners, they say. All the striking dyers
went back to work this morning, and no
further trouble is anticipated, as the
weavers are peaceably inclined and willing to submit their greivances to arbitration.

tration.

The demands of the dyers were generally acceded to. Helpers' wages were raised from \$7 to \$9; shakers, from \$8 to \$10; finishers, from \$10 to \$12; dyers, two tubs, from \$13 to \$15, and dygrs, three tubs, from \$15 to \$18. For all overtime the employees are to receive time and a half. They will also receive sixty hours' pay for fifty-five hours' work.

LOCAL LABOR TROUBLES.

Police Called Upon to Guard Cigar Makers.

Police this morning guarded the employees who have taken the place of strikers at Foster & Hilson's cigar factory, at Thirty-ninth street and First evenue. The firm thought protection was needed because of an outbreak last evening when a number of non-union cigar-makers were attacked with eggs and other weepons of a rural nature thrown by a hundred infuriated girls who have joined in the strike. The battle was continued for a block or so and was finally stopped by the appearance of police.

The strike in the J. J. Lattemann shoe manufacturing establishment at \$1 South Fifth avenue, has developed very bitter feeling between the firm and the former employees, who now do picket duty along the block between Houston and Prince streets for the purpose of persuading new employees to quit work. Among the pickets this morning were a dozen girls, who are said to be more successful than the men at embarrassing the Lattemann Company. The strikers are demanding the reinstatement of discharged employees, and are protesting against a reduction \$1 wages.

Assessment.

Reinstated.

There is much discord in the Musical Mutual Protective Union because of the suspension of about 200 members. It A committee of the suspended mem

bers is now investigating the action of the Union in ordering an extra assessment of \$3 last year for the purpose of furnishing the new Union headquarters at Ninety-first street and Third avenue The committee will secure legal advice March 1 the suspended members were fined \$10 apiece because they did not pay the \$3 assessment.

Secretary John Hunt, of the Union in explanation said to-day that in March, 1893, at the regular quarterly meeting of extra \$3 assessment for the purpose of cost \$17,500. To make the payment of the assessment as easy as possible for the members, it was made payable in while they admit the good accomplished two instalments of \$1.50 each, one falling due July 1, 1893, and the other Sept.

ing due July 1, 1833, and the other Sept. 15, 1833. Times in musical circles were very dull in 1833, and a further extension of time was made.
"Our laws provide," said Mr. Hunt, "that non-payment of assessments is punishable by suspension from the Union. To be reinstated under the rules costs each member \$10. That is the reason it will cost each suspended member \$15 to be in good standing again. The leaders of Union orchestras are not, of course, alowed to employ suspended members or non-union men."

The Musical Mutual Protective Union came prominently before the public in January last because of its fight with Conductor Walter Damrosch.

Unless Paid \$1,000.

(By Associated Press.)
QUINCY, Ill., March 14.-A shabby looking stranger presented himself at the parochial residence of Rev. Father Andrew, head of St. Francis's Church and school, last night and declared himself an emissary of the A. P. A. He said that he was commissioned to blow up the church and college buildings with dynamite and kill the priests, but if Father Andrew would pay him \$1.000 he would desert the Order and reveal all its secrets.

The priest slammed the door in his face and barricaded himself in his house for half an hour, but heard no more of his unwelcome visitor. The church owns college, school and other buildings valued at \$150,000. the parochial residence of Rev. Father
